TROUBLE MAY COME AT ANY TIME NOW

EMPIRE OF TURKEY READY FOR AN OUTBREAK.

The Sultan Is Still Evasive With the Powers—Protest Against Arming Mussulmans Replied to in a Roundabout Fashion—Matters May Reach a Crisis Very Soon.

Constantinople, Oct. 25, via Sofia, Bulgaria, Oct. 26.—The report that trouble of a serious nature is brewing here has so often been sent out that any fresh announcement to that effect is looked upon as having little or no foundation in fact. But, in spite of this, it is but right to state once more that everything points to further and more serious trouble preparing on all sides throughout the Turkish empire.

The ball was set rolling Wednesday last when the sultan signed two irades, which were issued the next day, levying a poll tax of 5 piastres per head on all Mussulmans and increasing the taxes on sheep, public works and education by 1 to 1½ per cent, the funds so raised to be devoted to military purposes. This caused the representatives of the powers to send a collective note to the porte couched in the strongest language, calling attention to the danger that the arming of the Mussulmans was certain to create and pointing out generally the critical situation of affairs in the Turkish empire. But large purchases of arms have already been made and the danger increases hourly.

The porte sent a reply to the collective note of the ambassadors. As usual, however, it was an evasive answer, and in substance simply stated that the money derived from the additional taxes was only intended to complete the armament of the mustahfiz or landsturm, the third and last class of the Turkish army reserves, and to strengthen the armament of the other land forces of the sultan, which consist of the Nizam, or regular army, and its active reserve, the redif, or landwehr. Conscripts in Turkey serve six years in the nizam, four with the colors and two in the reserve; they then serve eight years in the redif, four in the first class and four in the second. Then they complete their twenty years' service by serving six years in the mustahfiz.

The action of the Turkish government in completing the armament of the mustahfiz indicates that the empire is facing a situation which may necessitate calling forth all the military forces at its disposal and it also indicates that the situation is the gravest since the Russo-Turkish war. Under these circumstances it is but natural that considerable uneasiness prevails. Of course, there is always in the

probability, at least, that the sultan, by these movements, is simply seeking to distract the attention of his subjects from the actual state of affairs brought about by his mal-administration, and that seeing that the powers are really earnest and that an understanding between Russia, France and Great Britain means decisive action, he is by these armaments practically threatening a wholesale massacre of the Christians, and announcing that Turkey will resist to the utmost any attempt at armed coercion.

Happily there is one feature of the crisis which has a soothing influence upon Abdul Hamid. This is the financial situation. It is about as bad as it possibly can be. All negotiations upon the part of the Turkish government for a temporary loan have failed and the condition of the treasury is one of utter helplessness. On top of this the price of bread has risen 40 per cent and bids fair to rise still higher as the price of wheat goes up. This has decidedly aggravated the prevailing distress and its consequent discontent. The police continue making arrests and it is understood that many more bombs have been found. In Armenia the greatest apprehension exists. The echoes of the recent massacre in the city of Egin are just reaching here, in spite of the efforts made by the porte to suppress everything but the official news.

MURDER AT GRAPE CREEK, ILL.

Sewing Machine Agent Killed by a Negro Miner.

Danville, Ill., Oct. 27.—A sewing machine agent of the name of Stephen Fears was killed at Grape Creek Monday afternoon by a negro miner named Wash Miller. Fears sold Miller a sewing machine on the installment plan last July, trouble arising over the payment. Fears and the local manager, E. F. Bouch, went to Miller's house to get matters settled up. Miller agreed to commence paying and Fears, remarking that he had some other business to attend to, started away. Mrs. Miller called her husband into an adjoining room and shut the door. Miller came out in a minute very much excited and started after Fears.

Bouch asked Mrs. Miller what she had told her husband. She replied that she had told him Fears had insulted her and for him to kill him. As she said this she endeavored to close the door and shut Bouch in the house. He forced his way past her, and as he got out he saw Miller knock Fears down and kick him.

Miller then ran into the house, got his coat and started away on a run. Bouch picked Fears up and started for a doctor, but he died before the physician arrived. Sheriff Thompson was telephoned for and started at once with deputies and bloodhounds. He secured the woman and tracked the man to an abandoned farm house, where he is still at bay.

M'KINLEY DRAWS CROWDS TO HIS HOME, BRYAN DRAWS CROWDS TO A TRAIN

RAILROAD MEN VISIT MAJOR M'KINLEY.

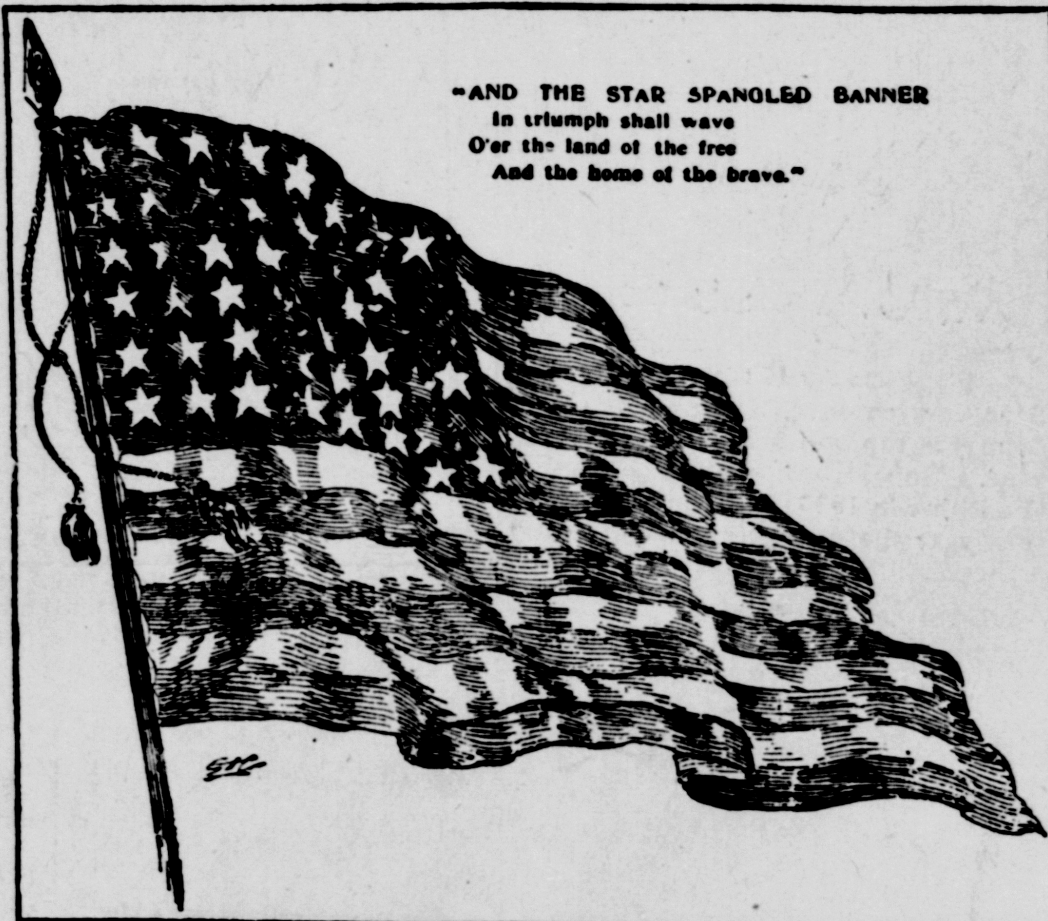

Delegations From Six States Listen to Sound Republican Talk—Last Week of the Campaign Opens With Undiminished Enthusiasm—General News For Good Moneyites

Canton, O., Oct. 27.—This is the last week of the campaign, and it opened with six delegations scheduled to visit Maj. McKinley from as many states. It was about 11 o'clock when the first arrived, and there was a continuous stream of people from the stations to the McKinley home. The first to greet

BRYAN MAKES SPEECHES AT JACKSONVILLE, ILL.

Silver Nominee a Guest of Honor at the Illinois College—Gov. Altgeld at Sycamore—Fusion Completed in North Carolina—General News For Bad Moneyites.

Jacksonville, Ill., Oct. 27.—Perhaps the noisiest demonstration that ever was given any one within the walls of the chapel of the Illinois College was the one paid William Jennings Bryan Monday by the students of his alma mater. Shortly after 10 o'clock he spoke to the students of the college

"AND THE STAR SPANGLED BANNER
In triumph shall wave
O'er the land of the free
And the home of the brave."

With the inspiring strains of that National Anthem ringing in our ears, who can doubt the issue of this campaign?—Bourke Cockran.

Maj. McKinley came from Indiana, and was composed of the railway men's gold-standard clubs of Seymour, North Vernon and Washington. The party came in a special train of six coaches, which had been on the way since 3 o'clock Sunday afternoon. The men, for the most part, were employees of the Baltimore & Ohio Southwestern. Their spokesman was D. W. Montgomery of Seymour.

While the Indiana visitors were being addressed, a large delegation of employees of the Cleveland, Lorain & Wheeling railroad, from the docks at Lorain and from along the line, waited

for which he graduated. His address, while of a political nature and a defense of bimetalism, was so diplomatically given that no student within his hearing could take offense at it. After Mr. Bryan's address Dr. Bradley announced that in honor of the presence of the distinguished guest the students would observe the rest of the day as a holiday, and he called upon the members of the Sigma Theta to escort Mr. and Mrs. Bryan to the carriage and act as a guard of honor through the grounds of the institution. The members of that fraternity drew up in line, and singing their fraternity song, marched on either side of the carriage, and when the vehicle containing the

guests had reached the gates the students bade the nominee and his wife God-speed and supplemented the farewell with long and loud college yells.

That portion of the City Hall square in Jacksonville and about the gayly decorated speakers' stand, which had been built near the north end, was a crowd of humanity, when, at 2 o'clock in the afternoon, Mr. Bryan made his speech. There were processions during the day which would have done credit to a town much larger than Jacksonville, and the mottoes were numerous and appropriate.

Alton, Ill., Oct. 27.—There were four short stops made by Mr. Bryan between Jacksonville and Alton. At Roodhouse, where a five-minute stop was made, a good-sized assemblage greeted the candidate. He spoke from the platform for a few moments. Godfrey, Jerseyville and Lane turned out fair-sized crowds to cheer Mr. Bryan as he appeared at the back end of the car. Two speeches were made at Alton at night, one from either side of the City Hall building. He left at 10 o'clock for Lincoln, Ill., where he will address an audience in time to leave that place by 8:15 in the morning. Bloomington will hear the candidate at 10:30, and after an hour's stop he will speak at Pontiac, then at Dwight, Bralwood, Joliet and Lamont, and will arrive in Chicago at 3:30 p. m.

Williams Insists on War.
Boston, Oct. 27.—At a meeting of the Democratic state committee the committee appointed last Saturday to bear the flag of truce to the Bryan-Sewall-Williams faction of the party, reported that all overtures had been rejected by George Fred Williams, whom, as candidate for Governor, it was desired to appease.

Gov. Altgeld at Sycamore.
Sycamore, Ill., Oct. 27.—Gov. Altgeld addressed an immense crowd at the court-house park Monday afternoon. His speech lasted one hour. He left for Chicago after the address. James F. O'Donnell of Bloomington also spoke on the silver question.

Fusion in North Carolina.
Raleigh, N. C., Oct. 27.—Fusion has been accomplished between the Populists of the silver Democrats and the Populists of the state on the following basis: Five silver Democrats, five Populists, one national silver man.

An address by Adam Fawcett of Portage, second vice-president of the Supreme Council of the A. P. A., will be a feature. Most of the sessions will be held behind closed doors. Attempts to Burn a Family.
Winona, Minn., Oct. 27.—An attempt to cremate an entire family is recorded near the village of Independence Sunday night. When F. J. Bantsch and his wife and children were awakened at midnight they found their house in flames and were compelled to jump from second-story windows to save their lives. Their servant girl was probably fatally burned. There is evidence pointing clearly to incendiarism and a strong effort will be made to find the perpetrator of the deed.

No person in Rock county needs an introduction to Theodore L. Acheson, the republican candidate for sheriff. He is one of the most popular and widely known men in the county, and numbers his friends and supporters by the hundred.

Mr. Acheson is peculiarly fitted for the office for which he is the choice of his party. For many years he has served as deputy sheriff, constable and marshal of the city of Janesville. As a police or peace officer, he is the thoroughly competent, perfectly reliable, and unusually conscientious. During his years of service as city marshal, the duties of that important and responsible position have been performed in a thoroughly capable manner. His administration has been businesslike, honest, straightforward and notable

for unusually good judgment and skill. The people of Janesville and of the county at large, have complete confidence in Mr. Acheson. All the delegates of the city of Janesville were for him at the county convention, and his nomination afforded general satisfaction.

Mr. Acheson was born and raised in Rock county. From the time that his first ballot was cast, he has been a firm supporter of the republican faith, and the candidates of that party.

A vote for Mr. Acheson is a vote for an honest, capable, and conscientious official. No man possesses these qualifications in a larger degree, and his majority will be unusually large.

of Evansville. Rock county has been his home for forty-five years, he settling in this county in 1851. He was born in Wyoming county, New York, December 6, 1839, and at the age of six years, came to Wisconsin with his parents. He has been engaged in business at Evansville for fifteen years, and is universally popular. Previous to engaging in mercantile pursuits, Mr. Thorpe was a farmer. He has always been an ardent republican, and cast his first ballot for Abraham Lincoln, in 1860, at which time he was a resident of California. The office of county treasurer is an important one, but as no man is more competent for

that position, than A. C. Thorpe, his election by a large majority is assured.

William A. Jackson.

William A. Jackson the republican candidate for district attorney, is one of Rock county's brightest and most able lawyers. During the past two years he has held the office of district attorney, and his administration has reflected credit on himself and his constituents. During his term of office, more criminals have been sent to states prison, than during the term of any other district attorney, which fact places him at the head of the list as a prosecutor. He is a graduate of the state university, and is associated with his father—A. A. Jackson, one

he ranks very high. There is no doubt about Mr. Bleedorn's election, as Rock county people appreciate faithful and efficient services. He will be chosen by an unusual majority this year.

William J. McIntyre.

William J. McIntyre, the candidate for the office of county clerk is the present incumbent and he has served the people faithfully and well. He was educated in the common schools and spent some time in teaching. When the war broke out he enlisted in the 13th Wisconsin battery serving until July 1, 1865. After the war he spent some time in mining in Montana, returning to Rock county in 1869, buying eighty-one acres of land

chance of his having been detailed to carry that famous order from General Custer to Major Reno. After the massacre, Mr. Goldin helped bury General Custer and his fallen comrades. He took part in many engagements against the Indians and was wounded twice in the second day's fight on the Little Big Horn. These wounds resulted in his discharge, in 1879, for disability.

Mr. Goldin studied law at Brodhead, and held the position of clerk of the court for Green county for three years. Later he came to Janesville, and formed a partnership with B. F. Dunwiddie. W. G. Wheeler also became a member of this firm. Mr. Goldin retiring on his election as clerk of the court two years ago. Gov. Hoard appointed him as inspector of rifle prac-

He also holds the position of consular agent for Germany, Switzerland and Austria. He is a man of fine attainments and a successful business man. His majority will be as it should be—very large.

Theodore W. Goldin.

Theodore W. Goldin, the republican candidate for clerk of the circuit court, has filled that position in an eminently capable manner for the past two years. Mr. Goldin was the son of Reuben W. Goldin, of Rock county. He was born in the town of Spring Valley July 29, 1855. After attending school at Brodhead, he was for four years a student at Tilton University, Tilton, N. H. Completing his education, he enlisted in the United States army at Chicago, in April, 1875, and was assigned to the Seventh Cavalry regiment. Mr. Goldin was with Custer at the time of the Little Big Horn massacre, escaping death by the mere

Our Business in Cloaks
Is Phenomenal.

What a clever word "best" is, anyway. So short and conveys so much meaning. What meaning does it convey to you when applied to winter garments? Whatever it is you will find it exemplified in our stock, and perhaps some 'best' points that you didn't think of besides. It matters not what price you want to pay for a jacket or cape, we can suit you. New things every day.

In order to be able to do such a tremendous amount of winter garment selling it is necessary to have the right kind of styles, and variety large enough to suit all who come. Handsome double Capes at \$5, in black and two toned cloths, fur and braid trimmed. Excellent, nobby Jackets at \$6.50, \$7.00, \$8.00—that ought to be much more.

A Great Many

people are not prepared to put very much into a winter garment, and we have made unusually large preparations this fall to have styles to fit everybody's purse, and the consequence is:—Few women who see our creations leave the store without buying. There are many, trashy, worthless things in the market, that can be offered at very small figures; and some people who judge by price alone buy such garments. Be critical about quality, be not fooled by a small price. We fight shy of shoddy cloaks, and give good values.

Major Edward Scofield, the nominee of the republicans of Wisconsin for governor, has lived in Wisconsin for twenty years. He was born in Clearfield, Clearfield county, Pa., March 28, 1842. His father, Isaac Scofield, was a native of Virginia, of English ancestry. His mother, Jane E. (Collins) Scofield, was born in Clearfield, Pa., of Irish parentage. Isaac Scofield combined the occupation of lumbering and farming and Edward spent his boyhood days on the farm, assisting in such work as

months he was held as a prisoner of war, and during that time he was incarcerated in twelve prisons. After his capture he was taken to the prison at Lynchburg, thence to Danville; Goldsboro, F. C.; Columbia, S. C.; Andersonville, Macon, Savannah and Charleston; then back to Columbia and Goldsboro, and then to Raleigh, whence he was paroled and liberated about nine miles north of Wilmington N. C., a few days after the capture of that city, by General Schofield.

Suffered in the Prison.
Major Scofield suffered terribly during his imprisonment and his life was barely spared. When paroled his bones protruded through his flesh and he resembled a skeleton more than a live human being. He joined Gen. Schofield in Wilmington and was immediately sent to the hospital at Annapolis, Maryland, where he remained until he gathered sufficient strength to report at Washington and to return home. At the time he was captured by the enemy his three years' term of enlistment was within a few days of expiration, and upon reaching his home at Brookville, Pa., he found a commission from the government, commissioning him major, "for his gallant conduct at the battle of the Wilderness."

Surveyor and Lumberman.
The close of the war found Major Scofield a young man of twenty-three

MAJOR EDWARD SCOFIELD.
(Candidate For Governor.)

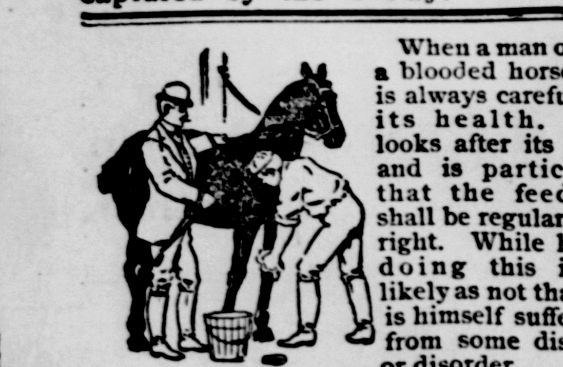

his strength permitted. He attended the district school and later the academy at Clearfield. At an early age he determined to strive to make his own way in the world, and in 1855, when thirteen years old, became a printer "devil" in the printing office of The Indiana Democrat, in Indiana, Indiana county, Pa.

Enlisted In 1861.

He remained in the office of The Indiana Democrat for three years, receiving in return for his labor his board and such wearing apparel as his necessities required. In 1858 he obtained a position on The Brookville Jeffersonian of Brookville, Pa., at a salary of \$100 a year and board. He worked upon this paper until April, 1861, when in response to President Lincoln's call for 75,000 men, he patriotically tendered his services to the country and enlisted in the army. Young Scofield became a private in the Eleventh regiment, Pennsylvania reserves, which was encamped at Pittsburgh. As soon as the battle of Bull Run was fought the regiment was ordered to Washington, and arrived in time to check the advance of the confederates on the capital. In Washington the troops were sworn into the service for three years, or during the war, and immediately became a part of the Potomac.

Major Scofield's War Record.

With his regiment Edward Scofield participated in all the battles of that army up to and including the battle of the Wilderness. He enlisted as a private, but the same traits of character that have made him a successful man of business, displayed themselves, and he soon earned and received promotion. After the battle of Fredericksburg he was promoted to a first lieutenant. Upon the field of Gettysburg he distinguished himself, and shortly thereafter was commissioned captain of Company K, Eleventh Pennsylvania reserves, "for meritorious conduct upon the field." At the battle of the Wilderness, on May 5, 1864, he was captured by the enemy. For ten

When a man owns a blooded horse he is always careful of its health. He looks after its diet and is particular that the feeding shall be regular and right. While he is doing this it is likely as not that he is himself suffering from some disease or disorder.
When the trouble gets so bad that he cannot work, he will begin to give himself the care he gave the horse at the start. Good purg, rich, red blood is the best insurance against disease of any kind. Almost all diseases come from impure or impoverished blood. Keep the blood pure and strong and disease can find no foothold.
That is the principle on which Doctor Pierce's Golden Medical Discovery works. It cleanses, purifies and enriches the blood, puts and keeps the whole body in perfect order; makes appetite good, digestion strong, assimilation perfect. It brings ruddy, virile health. It builds up solid, wholesome flesh (not fat) when, from any cause, reduced below the healthy standard.

years of age. As a civilian he first engaged himself as an assistant to a corps of civil engineers, who were locating a railroad between Pittsburgh and Draftwood, Pa., known as the Low Grade division of the Alleghany Valley railroad. He began as a chainman, but became more and more proficient, was promoted to the position of level man and later to transit man. In the fall of 1868, taking the advice of Horace Greeley, he came west to Chicago. There he formed the acquaintance of Finn Hall, who had lumber interests in Oconto, this state, and accepted a position to act as foreman of his mill there. He continued to act in that capacity for eight years, mastering all the details of the lumber manufacturing business. He was industrious and economical, and saved enough of his salary to enter business on his own account.

His Business Interests

From 1876 to 1881 he was engaged in business in Oconto. In the latter year he formed an association with the Marinette Saw Mill company, and acted as superintendent of the business until 1890, when he formed a partnership with George E. Arnold and organized the firm of Scofield & Co. In 1894, the business of that firm was incorporated as the Scofield & Arnold Lumber company; of this corporation Major Scofield is president, his son, George I. Scofield, vice president, and George E. Arnold, secretary and treasurer. The company manufactures from 25,000,000 to 30,000,000 feet of finished lumber annually. Major Scofield is also interested in the lumber firm of McElmer & Co.

Always a Republican.

Major Scofield has always been a staunch and zealous republican, a firm believer in republican principles, and a strong advocate of the doctrines of that party. In 1887 he was elected to the state senate from the First district. In 1894 he was the choice of a great many republicans for gubernatorial honors, and his friends made a gallant fight for him, previous to and during the convention. However, they were unable to secure enough votes to nominate him, and upon the sixth ballot, the honor developed upon Major Upham.
In 1870 Major Scofield married Miss Agnes Potter, of Oconto. Sons, George I. and Paul D., constitute the living issue of this marriage. Daughter, Julia A., died in childhood. Major Scofield is an active member of the E. E. Ramsey Post, Grand Army of the Republic, at Oconto, and of the Wisconsin Commandery of the Military Order, Loyal Legion.

THE OFFICIAL CITY PAPER

Entered at the postoffice at Janesville, Wis. as second class matter.

THE CANDIDATES.

Were the principles involved in this campaign not so vital—were personnel more important than platform—still would the republican ticket in Rock county be of overwhelming strength. The example set in St. Louis last June, and repeated in Milwaukee two months later, of using only the best of timber, was followed faithfully. Presidential, state, congressional and county—in no ticket for which Rock county republicans are to vote can a flaw be found. There is assurance in the personality of each candidate that the interests of the people will be protected. In other columns appear brief sketches of the nominees. There is space for only a few of the many good things that might be said. The voters are saying the rest and on November 3 will back their words with ballots.

WILL HE TALK TO WORKINGMEN?

Mr. Bryan will have thirty minutes in Janesville Friday—the longest stop made on that day. He ought to be asked to devote a few of those thirty minutes to the discussion of plain facts. He talks a great deal about countless billions of dollars that the people of Somewhere owe the people of Somewhere-else. Workingmen will make up a large share of his Janesville audience and the problems that concern workingmen are on a smaller scale, but are very much more practical. Workingmen know that they now can buy with a silver dollar or with any other kind of a dollar a larger quantity of manufactured products than ever before. They know, too, that they receive more dollars for a day's labor, or did receive more dollars before Mr. Cleveland's accession to the presidency than they ever before had received. The proof of both propositions is found in the special report of the senate committee on finance, issued in March, 1893. It is therein established by ample testimony of the most convincing character that the average wages of American workingmen in twenty-two industries were 60.7 per cent higher in 1891 than in 1860, and that the prices of 223 commodities, not including rents, had fallen an average of 5.6 per cent. from 1860 to 1891.

These are facts that Mr. Bryan must not disregard if he hopes to hold the respect of an intelligent audience.

FROM EAST AND WEST

(Continued from page 1.)

In the street at the foot of the hill. While the Ohio railroad men were being addressed the shouts and cheers and the music of the bands with the New Jersey delegations were heard approaching the house. The Ohioans crossed the street to the lawn on the opposite side to make room for the new arrivals, and reviewed the magnificent parade, to which Maj. McKinley bowed his acknowledgments from a table at the front of the yard, the little reviewing stand ordinarily used not having been re-erected. John B. Gibson of Newark introduced the New Jersey party. Maj. McKinley responded to Mr. Gibson.

Following the New Jersey delegation came the employees of the Erie railroad, east and west. Three trains were required for their transportation. The delegation was introduced by Locomotive Engineer McInish of North Judson, Ind.

The next delegation addressed by Maj. McKinley was composed of twenty-six representatives of the Railway Men's Non-Partisan "Sound-Money" league of New England, in which all branches of railroad work were represented. Maj. McKinley received the party in his library, where an informal introductory address was made by Alexander Robertson of Boston. The members of the delegation were afterward presented to Mrs. McKinley, and later took a drive about the city. They came in a special car attached to a regular train.

Hobart Makes His First Speech.

Henry Allen Cooper.
The young man whom Rock County was instrumental in sending to congress four years ago has more than justified the predictions made in his favor. Before the end of his first term he had gained a reputation for brilliancy and eloquence and had become known as one of the most useful members on the floor. On the Pacific railroad committee his work was especially valuable.

Mr. Cooper's constituents take pride in the fact that his attitude on the questions that have arisen during the last four years has been in every case that of a level-headed conservative business man. Not led away but any hue and cry, but exercising at all times the sound judgment that has made his opinions so highly regarded in Washington. The affairs of the First District never have been cared for more faithfully and anxiously than

during Mr. Cooper's term of service, and the district is fortunate in the knowledge that his return to Washington is assured.

John M. Whitehead.

John M. Whitehead, the candidate for state senator, is one of Janesville's best known lawyers, being senior member of the firm of Whitehead, Matheson and Smith. As an attorney he stands at the head, and as a man none rank higher. He has always been prominent in religious work and at present the state president of the Young Men's Christian Association as well as clerk of the Congregational church.

Mr. Whitehead is an exceptionally pleasant and forceful speaker—as Rock county people who have heard him in the present campaign can testify—and he will make an ideal senator. A vote for Mr. Whitehead is a vote for an unusually able representative in the state senate and his election is assured.

William G. Wheeler.

William G. Wheeler, the republican candidate for member of the assembly from the first district, is well known to Rock county people. Mr. Wheeler was born and raised in old Rock, and is a son of Mr. and Mrs. Guy Wheeler, of La Prairie. While district attorney of Rock county, Mr. Wheeler made an enviable record as all residents of the county well know. He is one of the county's foremost young men, and will make an excellent assemblyman. In debate he can hold his own with any man, and his judgment on all questions, is sound. With Mr. Wheeler in the assembly, the interests of the First district people will be well guarded,

[Candidate For The Assembly.]

and carefully promoted. Mr. Wheeler is entitled to every republican vote in the district and he will get them all.

Dr. C. W. Merriman

Dr. C. W. Merriman, the candidate for member of assembly from the Beloit district, is a resident of the Line

City, and stands very high in the estimation of his townsmen. He was the unanimous choice of the people of his district, and his election is assured. He is the superintendent of the city schools, as well as a physician, and a man of experience and judgment. No mistake can be made in sending C. W. Merriman to the assembly. He is in every way qualified.

Abner S. Flagg.

Abner S. Flagg, the republican candidate for assemblyman in the second district, is the senior partner of the firm of A. S. Flagg & Co., hardware dealers, at Edgerton. He was born on December 13, 1851, at Princeton, New Jersey. He has passed the greater portion of his life in Wisconsin. He settled in Edgerton in 1881, and has since resided there. For three years he clerked for Mabbett & Perry, and then went into business for himself. Later he admitted John S. Coon as a partner in the firm.

On May 9, 1882, Mr. Flagg was married to Miss Edith M. Coon.

He is a member of the Masonic fraternity and the Modern Woodmen. He has served as mayor of Edgerton. He is a careful business man, and very

popular in Edgerton. No mistake can be made in sending A. S. Flagg to the legislature.

With John M. Whitehead in the senate; W. G. Wheeler, Dr. C. W. Merriman and A. S. Flagg in the assembly, this district will be well represented. Vote and work for them.

BLABON SEES HOPE FOR THE FUTURE

THE STREET CAR LINE OWNER WRITES LETTERS.

Says the Election of Major McKinley Means the Restoring of Confidence and Revival of Business—Line Would Be Benefitted Thereby—Wants It to Keep Running.

If McKinley is elected business will boom again.

If business booms again, the street cars will begin to earn a little money. When the cars earn money, they will run.

George W. Blabon, the principal owner of the Janesville car line, writes Captain W. T. Vankirk as follows:

Captain W. T. Vankirk—Your favor of the 19th inst. at hand and contents noted. In reply permit me to state that during the last three and one-half years this country has passed through fearful times. I am a very old merchant and have been in business forty years and I never during my business life had such a

fight and struggle as I have had during the past three years. In the event that McKinley is elected by a large majority it will restore confidence, and factories will start up, the poor man will have work, and money to spend, and then

Capt. W. T. Vankirk

(County Chairman.)

We'll have good, steady business for many years. If the country was in a good condition and your industries in Janesville all going ahead and prospering I think we should not have any trouble with making the street railway pay. We have had a hard condition of business during the time I have been interested in the road. I will operate the road for the present, and will consult you and other good men in regard to the future. Yours respectfully,

G. W. BLABON.

Captain Vankirk is interested in the line and wrote Mr. Blabon in regard to the operation of the cars this winter.

Superintendent Mark Cummins has also received and answer to a letter written to Mr. Blabon, in which the latter also places much stress on the fact that the election of McKinley means much to the road.

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock, on the third day of November, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office and under the appropriate party or other designation, each in its appropriate column and the question submitted to a vote are stated below;

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names and or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked, and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased, and will be counted for all names written in lieu of one erased or pasted over a printed name. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X after the name of each candidate he does desire to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot, can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any other person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer, that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have the assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

W. J. MCINTYRE, County Clerk.

If you desire to vote an entire party ticket, make a cross mark in the square under party designation at the head of the ballot. If you desire to vote for all the ticket, except particular persons, erase their names, or mark opposite the names of the candidate you desire to vote for in another column, if it be there, or write in the name you wish to vote for. If you desire to vote for candidates on different tickets, erase the names of the candidates you do not wish to vote for and make a cross (X) opposite and after the name of the candidate you desire to vote for, or write his name in the blank space under the name erased.

A New Discovery by the Shakers.

For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our sufferings are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested, for it is the undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright and cheerful, and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxol, the new castor oil.

Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.

You have a right to disbelieve us if you are a stranger to our clothing. When we claim that the

are as good in material, as good in tailoring, and as good fitting clothes as your tailor can produce, you have a right to doubt. But have you a right to deny the facts until you are able to disprove them? Maybe you are basing your doubts on

the way ready-to-wear clothes were made ten or a dozen years ago. If that's the case we can certainly open your eyes if you will take the trouble to investigate our argument. There has been a mighty change wrought in some makes of ready-to-wear clothing within the past ten years, and the makers of the kinds we handle have been the chief improvers. Slip on one of our
